

HAZE ACTION PLAN

For the safety and well-being of our members, guests and staff, the Club's Haze Action Plan will be implemented according to the prevailing 24-hour PSI reading published by the National Environment Agency (NEA).

24-Hour PSI	Outdoor Sports & Recreational Facilities	Outdoor Events & Activities	F&B / Club Operations
100 and below	Regular operations.	Regular operations.	Regular operations.
101 – 200	Operations continue. Reduce prolonged or strenuous outdoor activities where appropriate.	Activities may continue, subject to prevailing conditions and Management assessment.	Regular operations. Outdoor service areas to be monitored.
201 – 300	Strongly minimise prolonged or strenuous outdoor activities. Management may suspend or relocate activities where appropriate.	Outdoor activities may be suspended, postponed or relocated indoors, subject to Management assessment.	Indoor operations continue. Outdoor F&B operations may be suspended or relocated where practicable.
301 and above	OUTDOOR SPORTS & RECREATIONAL FACILITIES WILL BE CLOSED / SUSPENDED until conditions improve.	OUTDOOR EVENTS & ACTIVITIES WILL BE SUSPENDED, POSTPONED, CANCELLED OR RELOCATED INDOORS where feasible.	Indoor operations may continue, subject to Management assessment. Outdoor F&B operations will be suspended.

Members and guests are encouraged to monitor prevailing air quality, reduce strenuous outdoor activities when necessary, and take appropriate health precautions.
